This database lists the Non Directional Beacons (NDBs) which are currently active in the countries of the United Kingdom and its Dependencies, and the Republic of Ireland. This list is purely for the use of radio enthusiasts, and it goes without saying that it should not be used for navigation or any such purposes. It should reasonably accurate as of August 2009, but any updates, additions, deletions or corrections would be greatly appreciated, and can be sent to me at the following address: < <a href="mailto:webmaster@beaconworld.org.uk">webmaster at beaconworld.org.uk</a> >			<b>JSY</b>	Jersey
